In response to all complaints, the Academy of Beauty Professionals promises prompt and equitable resolution through a reliable and impartial investigation of complaints, including the opportunity for both parties to present witnesses or other evidence. The time necessary to conduct an investigation will vary based in complexity, but will generally be completed within sixty (60) days of receipt of the complaint. The school shall maintain confidentiality for all parties to the extent possible, however, absolute confidentiality cannot be guaranteed. In cases where a student does not give consent for investigation, the school will weigh the student's request for confidentiality against the impact on the schools' to determine whether an investigation must proceed. Complainants should be aware that in a formal investigation due process generally requires that the identity of the charging party and the substance of the complaint be revealed to the person charged with the alleged harassment. The preponderance of the evidence standard will apply to investigations, meaning the Academy of Beauty Professionals will evaluate whether it is more likely than not that the alleged conduct occurred. Both parties will receive written notice of the outcome if the complaint. During the investigation, the Academy of Beauty Professionals will provide interim measures, as necessary, to protect the safety and well-being of students and/or employers involved. If the school determines that unlawful harassment or sexual violence has occurred, immediate appropriate corrective action will be taken in accordance with the circumstances involved, and the school will take steps to prevent the recurrence of any harassment or discrimination. Any employee determined by the school to be responsible for unlawful harassment or discrimination will be subject to appropriate disciplinary action, up to and including termination. Remedies for student-related claims may include, but are not limited to, an order to stay away, suspension or expulsion. To initiate a criminal investigation, reports of sexual violence should be made to *911* or local law enforcement. The criminal process is separate from the school's disciplinary process. To the extent that an employee or contract worker is not satisfied with the schools' handling of a harassment or discrimination complaint, he or she may also contact appropriate state offices.
