- To set the highest standards for our students so that they meet the requirements of the Cosmetology/Barber Examining Board for licensing;
- To encourage our students to develop a professional manner and personal code of ethics in relationship to their vocation in cosmetology;
- To instill in our students the importance of continuing education; i.e. learning new techniques to keep them abreast of the changing times;

If during that two-week period, he/she determines not to continue with training, the student withdraws with no additional tuition commitment. The Academy of Beauty Professionals will retain the \$25.00 application fee and the \$100.00 registration fee to cover administrative costs; all other monies paid to the Academy of Beauty Professionals will be refunded to the student. The student who discontinues must return any equipment or books that were issued or will be charged accordingly for those items. The Two Trial Period also allows the Academy of Beauty Professionals to assess the student's aptitude to determine if the student is capable of successfully completing and benefiting from the program. At the end of the two-week trial period, a personal interview will be held between the student and a member of the Academy's staff to evaluate the student's training progress. Specific areas that will be evaluated during the Trial Period are:

**Ability/Skill:** the initial two weeks of training have many new skills learned daily. The student must demonstrate the ability to learn the technical skills necessary to be successful in their chosen career field. Students must maintain an 80% average.

**Academics:** The Academy of Beauty Professionals must ascertain whether the student will be able to successfully pass the written State Board Exam to attain licensure in their field. Therefore, students must commit to their education. An 80% average must be maintained during this basic trial period.

**Attendance:** Each day of class is a pre-requisite for the class that follows; therefore, attendance is essential for successful passing of the Two/Four Week Trial Period and for eventual course success. Perfect attendance is expected during the Two/Four Week Trial Period. Any days missed will be factored into the decision of whether to allow the student to continue training at this time. Student in the Barbering/Cosmetology Course are scheduled for 35 hours per week; Esthetics is scheduled for 28 hours per week; Nail Technology students are scheduled for 20 hours per week.

There will be no Leave of Absence granted for the first 45 calendar days of school, unless it is medical, with documentation from the physician.

**Attitude:** Being in the classroom on time and commitment to the topic and demonstration is a priority. Students being disruptive in class, disturb the classroom learning environment, use inappropriate language, engage in unapproved or untimely cell phone activity or are disrespectful to other students or instructional staff will not be allowed to continue training at the Academy of Beauty Professionals.

**At the end of the Two-Week Trial Period, the student will be charged the full amount of the tuition from the beginning of the class start date and will receive credit for all time attended.**

**Right to Privacy:**

It is the policy of the Academy of Beauty Professionals not to release information about any student without prior written consent from the student, and if a dependent minor, the consent of a parent or guardian for each third-party request. Academy of Beauty Professionals will permit access to student's records as required for any accreditation process or as required by law. Directory information is not published. Written permission would be requested prior to publication.

**Satisfactory Academic Progress Policy:**

This policy applies consistently to all students who are enrolled in a NACCAS approved program. This policy is published in the catalog and provided to the student prior to enrollment and is applied consistently to all students regardless of program whether it is a full- time or part- time program. The maximum time frame for completion of the Cosmetology and, Esthetics is 1.5 times the scheduled hours.

All students regardless of their course must maintain at least an 75% cumulative average on theory and practical tests to satisfy the academic portion of this standard as well as a minimum cumulative attendance of 67%. SAP evaluations periods are based on actual hours completed at the institution. This policy is published in the catalog and student handbook. Attendance and academic evaluations will be made at the following checkpoints listed below in order to make a determination of satisfactory progress. The Academy of Beauty Professionals measures clock hours in a 900-hour 30-week academic year. When a student has completed each of the above increments the school will check to determine if she/he has successfully met the standard for satisfactory progress. Students meeting the minimum requirements at evaluation will be considered making satisfactory progress until the next scheduled evaluation. Students making satisfactory progress will be eligible for aid. If a student is unsuccessful, she/he will be notified and placed on a Title IV warning until the next scheduled checkpoint. Title IV aid will be disbursed during the warning period. Satisfactory progress may be re-established by attaining at least a 75% cumulative average on theory and practical tests and meeting the cumulative total of at least 67% attendance.

Full-time Cosmetology students' evaluations occur at 450 clock hours and 15 weeks;900 clock hours and 30 weeks and 1200 clock hours and 40 weeks in written form.

Part-time Cosmetology students' evaluations occur at 450 clock hours and 30 weeks, 900 clock hours and 60 weeks and 1200 clock hours and 75 weeks in written form.

Esthetics students' evaluations occur at 375 clock hours and 16.36 weeks in written form.

Instructor Training students' evaluations occur at 300 clock hours and 10 weeks in written form.

SAP evaluation periods are based on actual contracted hours at the institution. All evaluations will be completed within seven (7) school business days following each established evaluation periods.

Students who exceed the maximum timeframe shall be terminated from the program, but may re-enter on a cash paying basis.

**SAP Warning:**

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, she/he may be placed on probation and, if applicable may be deemed ineligible to receive Title IV funds.

For Cosmetology, Esthetics, & Instructor Training students the warning period is one evaluation period.

**SAP Probation:**

The institution may allow for the status of probation for students who are not considered meeting minimum standards for satisfactory progress if:

- a. The institution evaluates the student's progress and determines that the student did not make satisfactory academic progress during the warning or previous evaluation period; and
- b. The student prevails upon appeal of a negative progress determination prior to being placed on probation; and
- c. The institution determines that satisfactory academic progress standards can be met by the end of the subsequent evaluation period; or
- d. The institution develops an academic plan for the student that, if followed, will ensure that the student is able to meet the institution's satisfactory academic progress requirements by a specific point within the maximum timeframe established for that individual student.

An appeal may be filed by the student to the school administrator outlining the reason for appeal such as death of a family member, serious illness or injury of the student or family member or other extenuating circumstances. An appeal should be in writing and outline the details of the special circumstances causing the student to fail SAP standards and how those circumstances have changed. The appeal and the school's response will be maintained in the student file. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds, and students failing to meet SAP may be suspended or terminated for an unsatisfactory SAP.

**Re-Establishing Satisfactory Academic Progress:**

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by attaining at least an 67% minimum average for attendance and 75% minimum academic requirements by the end of the warning or probationary period. If for any reason a student becomes ineligible for Title IV aid, suitable arrangements must be made for all unpaid tuition.

Transfer hours that are accepted are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted.

A student who re-enters a program, will return to school in the same satisfactory progress status as when they left school; therefore, if they left in satisfactory progress, they will return to school in the same status.

There are no incomplete, remedial, non-credit courses or repetitions offered at this institution; nor do they have any effect upon the school's satisfactory academic progress standards. A withdrawal has no impact on satisfactory progress determination.

Students are provided copies of their student progress reports at least twice during their course of study and cover the clinic and theory progress as well as accumulated hours.

**LEAVE OF ABSENCE POLICY:**

Temporary interruptions in the student's program may be allowed through the process of a leave of absence. Students must follow the institution's policy in requesting a leave of absence. A leave of absence may be granted for personal reasons, medical or unique situations pertaining to the student's life. A leave of absence may be granted a period no less than 7 calendar days and not more than 45 calendar days. A request for a LOA must be made in advance of the leave of absence and in writing and must include the reason for the request and is signed by the student prior to the leave. Unless unforeseen circumstances prevent the student from doing so. Example: if a student were injured in a car accident and needed a few weeks to recover before returning to school. The student would not have been able to request the LOA in advance. The school may grant a LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances, if the institution documents the reason for the its decision and collects the request from the student at a later date. In this example, *the beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend the institution because of the accident.* It is reasonable to expect that the student WILL return after the LOA based on the reason given for the LOA. A student granted a LOA that meets these criteria is not considered to have withdrawn, and no refund calculation is required at that time.

Under documented circumstances an additional leave may be requested; these LOA's together with any additional leaves of absences must not exceed a total of 180 days in any 12-month period. While on a leave of absence, the student will not accrue absent hours, therefore not affecting satisfactory progress. A leave of absence will extend the student's contract period and maximum time frame by the same number of calendar days taken in the leave of absence. An addendum to the enrollment agreement must be signed/initialed by all parties. The satisfactory progress status prior to the leave will be reinstated upon return from the leave. The student will not be accessed any additional charges as a result of the LOA.

If a student does not return to the institution at the expiration of an approved LOA (or a student takes an unapproved LOA), the student's withdrawal date for the purpose of calculating a refund is always the student's last day of attendance. The leave of absence policy is located in the school catalog and the student handbook.

**Completion of Training:**

*Maximum Time Frame:* For all courses offered, students must be finished by their established maximum time frame, times normal length from date instruction begins to be eligible for financial aid. A student in a clock hour program can NOT receive aid for hours beyond those in the program; maximum timeframe applies to the amount of calendar time the student takes to complete those hours. Students who fail to complete in the maximum timeframe for their program, will be subject to withdrawal, and may re-enter with additional tuition charges for the balance of the program left to complete. Maximum timeframe would be calculated on the new enrollment agreement, BUT, the student has lost all Title IV, HEA funding for their program.

**Tardiness Policy:** Students are considered tardy when they are not in attendance at the start of the scheduled class or clinic. Habitual tardiness is unprofessional and will result in a Conduct Violation, and repeated disregard could result in disciplinary action. If a student is going to be tardy, he/she is expected to call prior to start time. All tardy time counts against attendance for satisfactory progress.

**Theory/Practical Progress:** Student's achievements are evaluated by means of written and practical examinations. These are based on the theory and practice taught in the classroom. These testing situations give the student the opportunity to demonstrate competency. The written test requires the student to demonstrate competency in the required comprehension and knowledge of the theory, principals and practice of their course, by responding to questions related to the subject. The student's progress will be observed and evaluated during each class session.

Earning a minimum of 75% grade point average on all required theory chapter tests and written/practical exams. Progress reports are given to the student at each check point for satisfactory progress.
